

Use this form to request fast-track processing of your patent application. Make the request when you file the application. Send the request to the PRH together with your application.

Please note that if we receive too many applications, we will have to reduce the number of applications we are fast-tracking. If your application cannot be fast-tracked, we will send you a letter to inform you of our decision.

You can find further information about fast-track processing, and this form in pdf format, on our website at www.prh.fi/patent_fast

Basic application details

Applicant's name
Title of the invention

Grounds for fast-track processing

Select one of the following options.
1. The invention relates to bioeconomy, circular economy, or pure technology solutions
2. We intend to file a PPH request based on the application
3. An important economic reason, or some other strong argument, please specify below.

Signature

Date, applicant's or representative's signature, and name in block capitals.	
Date (dd.mm.yyyy)	Signature, and name in block capitals
